

'ONE WOMAN WALKING'

Hikoi for a Big ReTHiNK of Mental Healthcare Choices

PETITION

Annie Chapman started her Hikoi from Cape Reinga in December 2012 and is walking to Wellington to raise awareness of the need for better choices in mental healthcare in NZ and present a petition to the House of Representative in June 2013.

Be part of the movement for change! Support the petition!

1. Print out the paper petition and gather as many signatures as you can!

Follow this link to download and print the paper petition <http://hikoiforhealthychoices.files.wordpress.com/2013/02/hikoi-for-health-petition-final-written.pdf>

2. Sign the online petition and send the link to others.

The online version is easier to share around, has a more detailed preamble, is addressed to the Minister of Health, and will act as valuable supporting evidence to the paper petition, particularly with people giving their reasons for signing.

Petition for Better Mental-Healthcare Choices

To the House of Representatives

We, the undersigned, respectfully request that the House mandate District Health Boards to provide a greater choice of mental health treatment methods and options to reduce dependence on psychiatric medication; and urge the Government to initiate an independent inquiry into the negative short and long-term outcomes of current mental health treatment on those diagnosed with mental illness.
